

AN INTRODUCTION

TO THE

CHURCH

OF

JESUS CHRIST

OF

LATTER DAY SAINTS

[sic]

WELCOME TO THE CHURCH OF LATTER DAY SAINTS!

You likely know little about this pubescent religion, but worry not: we're here to help!

Let's begin with *The Book of Mormon*.

This sacred text was created by white prophets living on the North American Continent in the year 2200 BC, nearly two millennia before the birth of Jesus Herbert Christ.

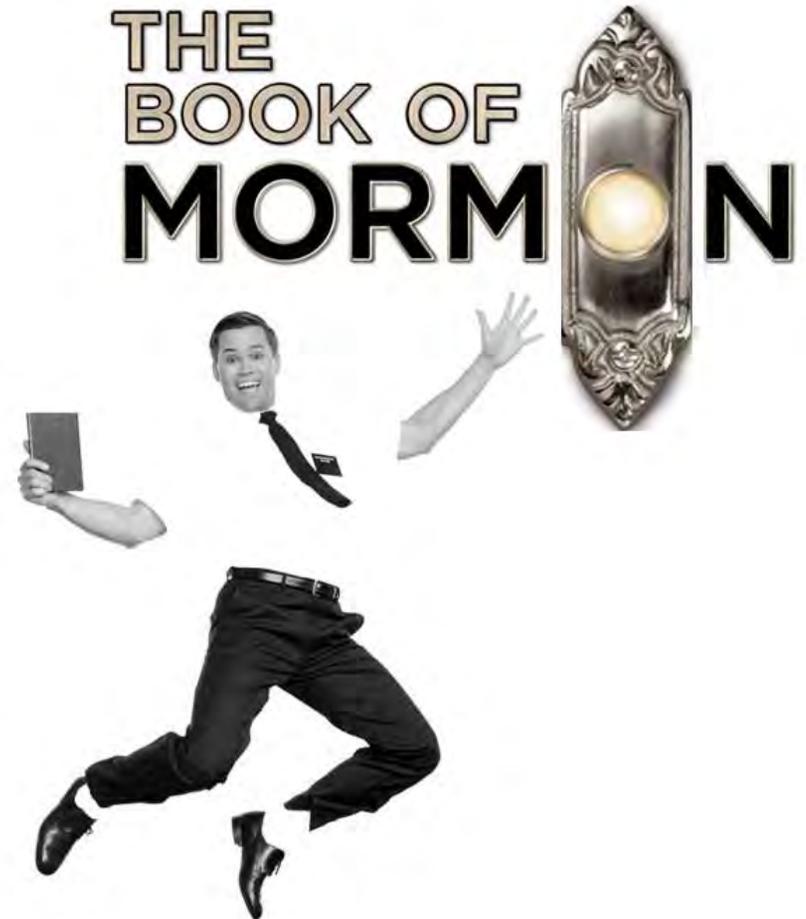

Despite its early provenance, *The Book of Mormon* was only brought to light by Joseph "Joey" Smith in 1830 AD as a companion piece to *The Holy Bible*.

Just like Cliff's Notes; that's right!

Note that later equals better. Therefore, *The Book of Mormon*, written in 1830, is more better than other, earlier religious texts.

These revelations were given unto Joey Smith by God Hissself through the unnecessarily complicated device of golden tablets that none ever saw and, even if they did, could never decipher.

Miraculous!

YOU MAY BE THINKING...

GOOD!

That's bad; stop it.

Stop it now.

But if you are weak of mind, you may still be thinking: where is that fabled civilization of ancient white folk who created these powerful words?

Well, as we all know, each sin you commit darkens your skin and the skin of your offspring.

These ancient North Americans had lapsed so far from the path that God had laid for them that their skin became very dark, indeed.

Today, we know the descendants of these early sinners as the American Injuns.

I know; it's unbelievable, isn't it!

But that's what Morons believe.

I mean Mormons.

That's what Mormons believe.

Really, I meant Mormons.

BAD!

No like'em pale face.

THE BELIEFS OF MORONS ARE EVER CHANGING...

The Church, to this day, has at its head a Prophet who speaks the Word, much like the Pope of the Catholic Church.

Except that he is wrong and also probably a Nazi.

For example, when the Church realized it could not grow by saying that 'dark skin' equals 'bad', they changed their doctrine and allowed brown folk into the fold.

And then when the Church bought a profitable stake in Pepsi Cola®, we realized that God did not mean 'don't partake of mind altering substances that therefore fill the emptiness of your soul with intoxicants' when he told Joey Smith, 'don't partake of mind altering substances that therefore fill the emptiness of your soul with intoxicants'.

He simply meant, in His benevolent wisdom, that we should not partake of any caffeinated drinks in the sale of which the Church did not profit.

Profit is God's way of showing that he cares.

FACT: The fluid nature of Moronic beliefs is what allows Brother Mitt Romney to be so agile in describing his policies.

SIX MOMMIES: GOOD!

TWO MOMMIES: BAD!

THEY MAY NOT KNOW IT...

...But most Jews are Mormons.

That's right!

After their death, many prominent Jews are posthumously baptized into the Moron faith.

When the lamestream media found out about this gracious salvation, they got mad. 'Warble garble grrrr!' they growled.

See how mad they were?

They didn't want to be Morons.

Right, Mormons.

That's what I said.

They told the Church of Jesus Christ of Latter Day Saints [sic] to stop posthumously correcting the sin of being born into the wrong faith.

We told the Jews that we would stop, but we didn't.

Shhhhhh...

ARE MORMONS CHRISTIAN?

Does the Pope shit in the woods?

As you now know, *The Book of Mormon* was created thousands of years before Jesus was even born.

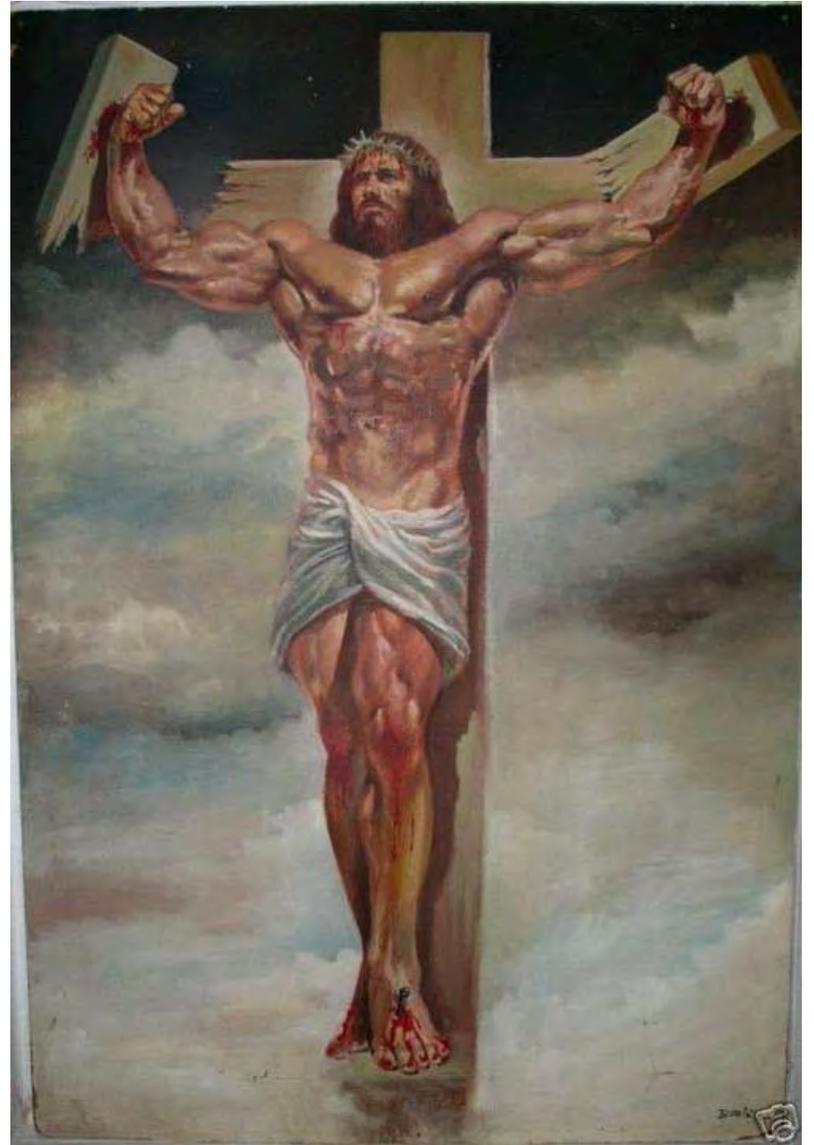

A better question to ask yourself would be: are Christians Morons?

The answer is 'yes'.

Christians and Morons share many of the same beliefs and qualities.

For example, many members of both groups blindly adhere to third party interpretations of doctrine passed down for generations, often without having any personal experience of the source documents or understanding of the cultural and temporal context.

Isn't that fascinating?

DIDJA KNOW?

One of the most powerful beliefs of Morons is that God speaks to us directly.

Whenever we are presented with 'facts', we must ask God if what we 'hear' is 'true'.

Ask yourself now: who would you believe? God or 'facts'?

Though many Morons hold beliefs that may seem strange and, frankly, contradictory, in a modernized world, we continue to adhere to those beliefs because God tells us.

He tells us in our hearts.

Morons hear things with their hearts.

Isn't that more better than things you hear with your ears and see with your eyes?

MORONS ARE EVERYWHERE!

Many prominent Morons dominate the popular cultural landscape.

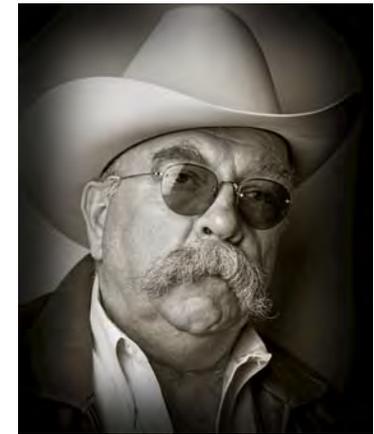

Let's meet the Brothers:

Brother Willard Mittens Romney

Brother Rush Danger
Limbaugh

Brother Wilford Diabeetus
Brimley

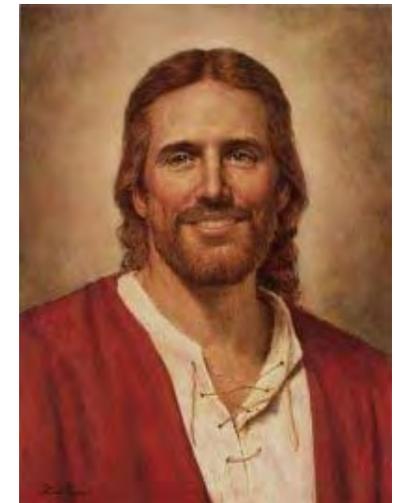

Brother Glenn Babyface
Beck

Brother Ernest
(the one who goes to camp
and other such exciting
places)

Injuns!
(they just weren't very
good ones)

Brother Jesus H. Christ, son
of God

DON'T BOTHER HIDING!

You can't escape.

You may have encountered our helpful missionaries.

We aren't like Scientologists, who lay in wait in BART stations with the promise of soul cleansing E-Meter examinations and the promise of a free for a fee, self help book from the primitives of the '80's called *Dianetics*.

We aren't like those filthy evangelicals, who loudly bring their faith to the funerals of strangers.

Morons come conveniently to your door!

We know that nothing you could be doing in the evening could possibly be more important than the good Word we've come to spread.

We know you're home.

Open the door...

Please.

Please, open the door.

It's cold out.

Don't worry; we'll keep knocking until you do.

NOW YOU KNOW!

Now you know a bit about the Church of Jesus Christ of
the Latter Day Saints.

Open the door.

Don't call the police.

Open the door.

We're not going anywhere.

We've nothing better to do.

Let us help you learn more about what it means to be a
Moron!
